

Aluminum Packaging Seminar

Presented by **The Global Aluminium Foil Roller Initiative**

at **ALUMINIUM USA 2017**

Wednesday, Oct 25 2017, 1:00 - 5:00 p.m., Nashville, TN

Aluminum USA's curated conference program addresses all aspects of the aluminum value stream. With actionable content focused on the industry's innovations, economic drivers and disruptors, and new technologies, you'll walk away more informed and better equipped to make smarter business decisions.

As part of the program, we are pleased to present the GLAFRI Aluminum Packaging Seminar completely complimentary and included with your expo hall pass. For complete details, and to register for Aluminum USA 2017, please [visit our website](#).

This interactive seminar will provide information and insights into aluminum packaging. Through a series of short, individual presentations, speakers will demonstrate the importance of aluminum in everyday life and present the broad range of applications for aluminum packaging. You'll learn about aluminum's versatility as speakers provide information about markets and market trends, innovations, disruptors, aluminum's relevance for consumers and the contributions of aluminum packaging to sustainable consumption.

Topics and Speakers:

Global Flat Rolled Aluminium Markets for Packaging

Paul Williams, Research Manager, **CRU Analysis**

Aluminum Beverage Can in North America

Don Farrington, Executive Vice President - Sales, **Constellium**

Foil and Thin Strip Market Trends

Brad Thomas, Vice President Strategy and Marketing, **Gränges Americas, Inc.**

From Invisible to Essential: Defining Foil Relevance for Consumers

Danielle Chandler, Senior Marketing Director, Innovation, **Reynolds Consumer Products**

Foil Container Markets, Trends and Innovation

Paul Cobb, CEO, **Penny Plate** and Chair, AFCMA (Aluminum Foil Container Manufacturers)

The Future of High Barrier Flexible Packaging in North America

David Mosgrove, Head of Operations/ Head of Plants, **Constantia Flexibles US**

Aluminium Packaging Contributions to Sustainable Lifestyles

Stefan Glimm, Director General, **Global Aluminium Foil Roller Initiative (GLAFRI)**

Aluminium Closures – Innovations and Future Market Trends

John Cunningham, Director Process Improvement & Innovation, **G3 Enterprises**

Networking reception to follow!

Speaker Bios

Paul Cobb, CEO, Penny Plate & Chair, Aluminum Foil Container Manufacturers Association

Paul Cobb is a seasoned general manager with a 20-year track record of profitably growing industrial brands globally, working closely with customers and creating safe work environments. His results have come from creating high performance teams, leading new product development and implementation via a customer-focused approach.

Danielle Chandler, Senior Marketing Director, Innovation, Reynolds Consumer Products

A strategic marketing leader with a proven track record in innovation and management for large brands including Reynolds, Hefty & Glade, Danielle has successfully led initiatives ranging from white-space exploration to commercialization. She recently built an innovation framework to identify, prioritize and resource a continuous loop of insight-driven products. She is passionate about putting the consumer first.

John Cunningham, Director Process Improvement & Innovation, G3 Enterprises

John Cunningham is G3's Director of Innovation. For over 20 years he has been devoted to helping customers protect their wines during and after bottling. His team is responsible for developing new products and technologies including patent pending oxygen-transmission-rate controlling and carbon-dioxide retaining liners for aluminum closures.

Don Farrington, Executive Vice President - Sales, Constellium

Don is an aluminum industry veteran in flat rolled products. Since 2015, he has served as Exec. VP of Sales at Constellium, where he is responsible for all Commercial activities. Don's experiences include positions with Kaiser Aluminum and Ravenswood Aluminum (prior to Ravenswood becoming part of Century), as well as Wise. Don is also the Chairman of the Can Sheet Producers Committee of the Aluminum Association.

Stefan Glimm, Director General, Global Aluminium Foil Roller Initiative (GLAFRI)

Stefan is an economist with over 30 years of work experience in national, European and global organizations. He works as a consultant and serves as Director General of GLAFRI, which was founded under his leadership in 2015. Stefan also serves as a senior executive adviser to both the European Aluminium Foil Association (EAFA) and Flexible Packaging Europe (FPE).

David Mosgrove, Head of Operations/Head of Plants US, Constantia Flexibles US

David Mosgrove is responsible for all operations as well as financial results for the US plants. David previously held positions including Director of Operations at Winpak Films, Production Manager at Kimoto Tech, Inc., and various operational roles at Tredegar Film Products. He holds a BS in Chemical Engineering from Georgia Institute of Technology and an MBA from Virginia Commonwealth University.

Brad Thomas, Vice President Strategy and Marketing, Gränges Americas, Inc.

Brad is a VP at Gränges Americas, a global leader in flat rolled products for aluminum heat exchangers & selected niche applications. Following Gränges' acquisition of Noranda's downstream business, he has focused on building a strategy aligned with Gränges group level targets. With a foundation in consulting and corporate strategy, Brad joined the industry as a member of Novelis' strategy team, focusing on capacity expansion, recycling, product development, and global commercial strategy.

Paul Williams, Research Manager, CRU Analysis

Paul Williams is the Group Manager for Aluminium, responsible for the research program of the team. Paul joined CRU in 1986 and for many years ran the Aluminium Semis and Downstream areas specializing in flat rolled product markets and demand analysis. Paul holds a BA in Economics from the University of Swansea and an MSc in Economics from the London School of Economics.
